1st Session of the 57th Legislature

Bill No.:	SB 698
Version:	FS FA2
Request No.:	2045
Author:	Sen. Quinn
Date:	03/11/2019

Floor Substitute (FS)

The FS for SB 698 eliminates a certain requirement for an emergency construction project to receive an exemption from criteria in the Public Facilities Act. Such a project is no longer required to possess a need for specialized or complex construction methods.

The measure creates a selection process for construction managers for political subdivisions or school districts. A Request for Qualifications must require prospective construction managers to develop a more detailed qualified-based proposal response detailing certain provisions outlined in the measure.
