| Bill No.: | SB 79 |
| Version: | INT |
| Request No.: | 226 |
| Author: | Sen. Bergstrom |
| Date: | 12/20/2018 |

Bill Analysis

SB 79 enables any school district to participate in public construction contracts with public agency procurement units or external procurement units in addition to the public agencies authorized by current law. Any district that participates in a public construction contract or purchases commodities from public entities satisfies the requirement of the district to seek competitive bids or proposals for the purchase of the commodities and services. Public agencies may also satisfy the requirement to seek competitive bids in this manner. The measure defines public agencies and public procurement units as the state of Oklahoma, political subdivisions of the state, and various entities created by statute.
