Bill Analysis

SB 982 creates the legacy landowner combination hunting and fishing license. The license is available for any tract of land over 500 acres. The fee for the license is \$20,000.00 for land between 500 and 1,000 acres and \$30,000.00 for land over 1,000 acres. The license may be purchased by the recorded landowner, whether he or she is a resident or nonresident of the state. The Department of Wildlife Conservation may issue only twenty licenses for land between 500 and 1,000 acres and forty licenses for land above 1,000 acres. The license expires after fifty years or upon the sale or transfer of the land.
