Fiscal Analysis

FY'20 Impact: None

Full Year Impact: Unknown, possible future costs

HB2036 requires DPS to develop by rule a procedure for a person to apply for a replacement Oklahoma commercial driver's license through a tag agency. HB2036 has possible future costs associated with driver's licenses. At this is part of the larger project of modernization and the costs are directly related to how DPS develops the specific procedure, the exact impact is unknown at this time. The funds to cover modernization projects are included in the agency's annual appropriation.
