

Fiscal Impact
1st Session of the 57th Legislature

Bill No.:
Version:
Author:
Date:

HB 2614
FL
Sen. McCortney
04/09/2019

Fiscal Analysis

FY'20 Impact: None

Full Year Impact: None

HB 2614 will change the definition of physician for the medical marijuana program. It also allows a physician to contact OSDH when he determines a patient to no longer meet the requirements of the medical marijuana program; OSDH can then revoke the license. The possible costs associated with this bill are estimated to be \$150,000 for salaries and benefits, and \$150,000 for IT updates. Both expenses will be paid for by the fines and fees collected by OMMA, so there is no impact to GR.
