produce proof of identity, the voter may sign a statement under oath, in a form approved by the Secretary of the State Election Board, swearing or affirming that the person is the person identified on the precinct registry, and shall be allowed to cast a provisional ballot as provided in Section 7-116.1 of this title.

2. False swearing or affirming under oath shall be punishable as a felony as provided in Section 16-103 of this title, and the penalty shall be distinctly set forth on the face of the statement.

C. One or more absentee voting boards shall be on duty at the in-person absentee polling place on the days and during the hours set forth in subsection A of this section. If the secretary of a county election board receives an application from a registered voter requesting to vote by in-person absentee ballot the secretary shall cause to be implemented the following procedures:

1. An absentee voting board shall provide to each registered voter who applies for an in-person absentee ballot appropriate ballots and materials as may be necessary to vote;

2. The voter must sign an in-person absentee voter record, and the signature of the voter on such record must be certified by both members of the absentee voting board, except that the secretary of the county election board and one other member of the absentee voting board may certify the signature of another member of the absentee voting board;

3. The voter must mark the ballots of the voter in the manner provided by law in the presence of the absentee voting board, but in such a manner as to make it impossible for any person other than the voter to ascertain how such ballots are marked. Insofar as is possible, the voting procedure shall be the same as if the voter were casting a vote in person at a precinct;

4. The voter shall then deposit the ballot in a voting device designated for in-person absentee voting by the secretary of the county election board;

5. When the in-person polling place is closed on each day of in-person absentee voting the in-person absentee voting board shall, without obtaining a printout of results, remove the electronic results storage media from the voting device and seal ballots counted that day in a transfer case which shall be secured by the sheriff of the county in the same manner as provided in Section 8-110 of this title. The electronic results storage media shall be sealed in a container prescribed by the Secretary of the State Election Board. The sheriff shall secure the sealed electronic results storage media container and return it to the in-person absentee voting board no later than 7:45 a.m. on the next day of in-person absentee voting or to the secretary of the county election board at the time of the county election board meeting to count absentee ballots on election day; and

6. If there is a malfunction in such a way that the electronic results storage media used for in-person absentee voting will not function, the sheriff is authorized to return the transfer cases containing in-person absentee ballots to the county election board to be recounted as provided in Section 7-134.1 of this title."
