5 districts, individual school sites, a combination of school sites,  
6 or elements of school sites individually or in combination.

7       C. Pilot project plans for community schools shall contain the  
8 following minimum elements:

10 shall complete leadership training provided by an Oklahoma-based  
11 non-profit organization that uses the science of hope to improve  
12 classrooms and campuses;

13       2. A comprehensive needs assessment process that includes the

- 15           a. parents,
- 16           b. community leaders,

21       3. Site-based collaborative leadership, practices, and shared  
22 responsibility; and

23       4. An ongoing stakeholder engagement process.

2 address additional components including but not limited to  
3 strengthened curriculum and academic programs, expanded learning  
4 opportunities, and integrated student supports or wraparound  
5 services.

6 D. The State Board of Education may promulgate rules and  
7 regulations for the operation and implementation of the pilot  
8 projects and to assist school districts in accessing pilot start-up  
9 funds from the United States Department of Education for selected  
10 projects.

11 SECTION 2. This act shall become effective November 1, 2022.
