3 include marijuana concentrates or derivatives. The total net weight
4 of each pre-roll packaged and sold by medical marijuana commercial
5 growers shall not exceed one (1) gram. These products must be
6 tested, packaged and labeled in accordance with Oklahoma law and
7 rules promulgated by the State Commissioner of Health.

24 products. The standards should be in line with current food

1 preparation guidelines. No excessive or punitive rules may be
2 established by the State Department of Health.

3 3. Up to two times a year, the State Department of Health may
4 inspect a processing operation and determine its compliance with the
5 preparation standards. If deficiencies are found, a written report
6 of the deficiency shall be issued to the licensed processor. The
7 licensed processor shall have one (1) month to correct the
8 deficiency or be subject to a fine of Five Hundred Dollars (\$500.00)
9 for each deficiency.

10 4. A licensed processor may sell marijuana products it creates
