SENATE FLOOR VERSION
February 3, 2021
AS AMENDED

SENATE BILL NO. 57 By: Rader of the Senate

and

Echols of the House

An Act relating to controlled dangerous substances; amending 63 O.S. 2011, Section 2-309D, as last amended by Section 59, Chapter 161, O.S.L. 2020 (63 O.S. Supp. 2020, Section 2-309D), which relates to the central repository; authorizing members of the Opioid Overdose Fatality Review Board to access central repository for certain purpose; **requiring physician to disclose certain patient history upon request**; amending Section 5, Chapter 175, O.S.L. 2018, as last amended by Section 19, Chapter 428, O.S.L. 2019 (63 O.S. Supp. 2020, Section 2-309I), which relates to prescription limits and rules for opioid drugs; modifying applicability of section; defining term; clarifying language; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 63 O.S. 2011, Section 2-309D, as last amended by Section 59, Chapter 161, O.S.L. 2020 (63 O.S. Supp. 2020, Section 2-309D), is amended to read as follows:

Section 2-309D. A. The information collected at the central repository pursuant to the Anti-Drug Diversion Act shall be

confidential and shall not be open to the public. Access to the information shall be limited to:

1. Peace officers certified pursuant to Section 3311 of Title 70 of the Oklahoma Statutes who are employed as investigative agents of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control;

2. The United States Drug Enforcement Administration Diversion Group Supervisor;

3. The executive director or chief investigator, as designated by each board, of the following state boards:

a. Board of Podiatric Medical Examiners,

b. Board of Dentistry,

c. State Board of Pharmacy,

d. State Board of Medical Licensure and Supervision,

e. State Board of Osteopathic Examiners,

f. State Board of Veterinary Medical Examiners,

g. Oklahoma Health Care Authority,

h. Department of Mental Health and Substance Abuse Services,

i. Board of Examiners in Optometry,

j. Board of Nursing,

k. Office of the Chief Medical Examiner, and

l. State Board of Health;

4. A multicounty grand jury properly convened pursuant to the Multicounty Grand Jury Act;

5. Medical practitioners employed by the United States Department of Veterans Affairs, the United States Military, or other federal agencies treating patients in this state; ~~and~~

6. At the discretion of the Director of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control, medical practitioners and their staff, including those employed by the federal government in this state; and

7. The members of the Opioid Overdose Fatality Review Board for the purpose of carrying out the duties prescribed by Section 2-1001 of this title.

B. This section shall not prevent access, at the discretion of the Director of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control, to investigative information by peace officers and investigative agents of federal, state, tribal, county or municipal law enforcement agencies, district attorneys and the Attorney General in furtherance of criminal, civil or administrative investigations or prosecutions within their respective jurisdictions, designated legal, communications, and analytical employees of the Bureau, and to registrants in furtherance of efforts to guard against the diversion of controlled dangerous substances.

C. This section shall not prevent the disclosure, at the discretion of the Director of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control, of statistical information gathered from the central repository to the general public which shall be limited to types and quantities of controlled substances dispensed and the county where dispensed.

D. This section shall not prevent the disclosure, at the discretion of the Director of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control, of prescription-monitoring-program information to prescription-monitoring programs of other states provided a reciprocal data-sharing agreement is in place.

E. The Department of Mental Health and Substance Abuse Services and the State Department of Health may utilize the information in the central repository for statistical, research, substance abuse prevention, or educational purposes, provided that consumer confidentiality is not compromised.

F. Any unauthorized disclosure of any information collected at the central repository provided by the Anti-Drug Diversion Act shall be a misdemeanor. Violation of the provisions of this section shall be deemed willful neglect of duty and shall be grounds for removal from office.

G. 1. Registrants shall have access to the central repository for the purposes of patient treatment and for determination in prescribing or screening new patients. The patient's history may be

disclosed to the patient for the purposes of ~~**treatment of information**~~ **providing information regarding treatment** at the discretion of the physician. **Upon the request of a patient who requests the patient's history for any reason, the physician or designee shall disclose such history to the patient.**

2. a. Prior to prescribing or authorizing for refill, if one hundred eighty (180) days have elapsed prior to the previous access and check, of opiates, synthetic opiates, semisynthetic opiates, benzodiazepine or carisoprodol to a patient of record, registrants or members of their medical or administrative staff shall be required to access the information in the central repository to assess medical necessity and the possibility that the patient may be unlawfully obtaining prescription drugs in violation of the Uniform Controlled Dangerous Substances Act. The duty to access and check shall not alter or otherwise amend appropriate medical standards of care. The registrant or medical provider shall note in the patient file that the central repository has been checked and may maintain a copy of the information.

b. The requirements set forth in subparagraph a of this paragraph shall not apply:

(1) to medical practitioners who prescribe the controlled substances set forth in subparagraph a of this paragraph for hospice or end-of-life care, or

(2) for a prescription of a controlled substance set forth in subparagraph a of this paragraph that is issued by a practitioner for a patient residing in a nursing facility as defined by Section 1-1902 of this title, provided that the prescription is issued to a resident of such facility.

3. Registrants shall not be liable to any person for any claim of damages as a result of accessing or failing to access the information in the central repository and no lawsuit may be predicated thereon.

4. The failure of a registrant to access and check the central repository as required under state or federal law or regulation may, after investigation, be grounds for the licensing board of the registrant to take disciplinary action against the registrant.

H. The State Board of Podiatric Examiners, the State Board of Dentistry, the State Board of Medical Licensure and Supervision, the State Board of Examiners in Optometry, the State Board of Nursing, the State Board of Osteopathic Examiners and the State Board of Veterinary Medical Examiners shall have the sole responsibility for

enforcement of the provisions of subsection G of this section. Nothing in this section shall be construed so as to permit the Director of the State Bureau of Narcotics and Dangerous Drugs Control to assess administrative fines provided for in Section 2-304 of this title.

I. The Director of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control, or a designee thereof, shall provide a monthly list to the Directors of the State Board of Podiatric Examiners, the State Board of Dentistry, the State Board of Medical Licensure and Supervision, the State Board of Examiners in Optometry, the State Board of Nursing, the State Board of Osteopathic Examiners and the State Board of Veterinary Medical Examiners of the top twenty prescribers of controlled dangerous substances within their respective areas of jurisdiction. Upon discovering that a registrant is prescribing outside the limitations of his or her licensure or outside of drug registration rules or applicable state laws, the respective licensing board shall be notified by the Bureau in writing. Such notifications may be considered complaints for the purpose of investigations or other actions by the respective licensing board. Licensing boards shall have exclusive jurisdiction to take action against a licensee for a violation of subsection G of this section.

J. Information regarding fatal and nonfatal overdoses, other than statistical information as required by Section 2-106 of this

title, shall be completely confidential. Access to this information shall be strictly limited to the Director of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control or designee, the Chief Medical Examiner, state agencies and boards provided in subsection A of this section, and the registrant that enters the information. Registrants shall not be liable to any person for a claim of damages for information reported pursuant to the provisions of Section 2-105 of this title.

K. The Director of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control shall provide adequate means and procedures allowing access to central repository information for registrants lacking direct computer access.

L. Upon completion of an investigation in which it is determined that a death was caused by an overdose, either intentionally or unintentionally, of a controlled dangerous substance, the medical examiner shall be required to report the decedent's name and date of birth to the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control. The Oklahoma State Bureau of Narcotics and Dangerous Drugs Control shall be required to maintain a database containing the classification of medical practitioners who prescribed or authorized controlled dangerous substances pursuant to this subsection.

M. The Oklahoma State Bureau of Narcotics and Dangerous Drugs is authorized to provide unsolicited notification to the licensing

board of a pharmacist or practitioner if a patient has received one or more prescriptions for controlled substances in quantities or with a frequency inconsistent with generally recognized standards of safe practice or if a practitioner or prescriber has exhibited prescriptive behavior consistent with generally recognized standards indicating potentially problematic prescribing patterns. An unsolicited notification to the licensing board of the practitioner pursuant to this section:

1. Is confidential;

2. May not disclose information that is confidential pursuant to this section; and

3. May be in a summary form sufficient to provide notice of the basis for the unsolicited notification.

SECTION 2. AMENDATORY Section 5, Chapter 175, O.S.L. 2018, as last amended by Section 19, Chapter 428, O.S.L. 2019 (63 O.S. Supp. 2020, Section 2-309I), is amended to read as follows:

Section 2-309I. A. A practitioner shall not issue an initial prescription for an opioid drug in a quantity exceeding a seven-day supply for treatment of acute pain. Any opioid prescription for acute pain shall be for the lowest effective dose of an immediate-release drug.

B. Prior to issuing an initial prescription for an opioid drug in a course of treatment for acute or chronic pain, a practitioner shall:

1. Take and document the results of a thorough medical history, including the experience of the patient with nonopioid medication and nonpharmacological pain-management approaches and substance abuse history;

2. Conduct, as appropriate, and document the results of a physical examination;

3. Develop a treatment plan with particular attention focused on determining the cause of pain of the patient;

4. Access relevant prescription monitoring information from the central repository pursuant to Section 2-309D of this title;

5. Limit the supply of any opioid drug prescribed for acute pain to a duration of no more than seven (7) days as determined by the directed dosage and frequency of dosage; provided, however, upon issuing an initial prescription for acute pain pursuant to this section, the practitioner may issue one (1) subsequent prescription for an opioid drug in a quantity not to exceed seven (7) days if:

a. the subsequent prescription is due to a major surgical procedure or "confined to home" status as defined in 42 U.S.C., Section 1395n(a),

b. the practitioner provides the subsequent prescription on the same day as the initial prescription,

c. the practitioner provides written instructions on the subsequent prescription indicating the earliest date

on which the prescription may be filled, otherwise known as a "do not fill until" date, and

d. the subsequent prescription is dispensed no more than five (5) days after the "do not fill until" date indicated on the prescription;

6. In the case of a patient under the age of eighteen (18) years old, enter into a patient-provider agreement with a parent or guardian of the patient; and

7. In the case of a patient who is a pregnant woman, enter into a patient-provider agreement with the patient.

C. No less than seven (7) days after issuing the initial prescription pursuant to subsection A of this section, the practitioner, after consultation with the patient, may issue a subsequent prescription for the drug to the patient in a quantity not to exceed seven (7) days, provided that:

1. The subsequent prescription would not be deemed an initial prescription under this section;

2. The practitioner determines the prescription is necessary and appropriate to the treatment needs of the patient and documents the rationale for the issuance of the subsequent prescription; and

3. The practitioner determines that issuance of the subsequent prescription does not present an undue risk of abuse, addiction or diversion and documents that determination.

D. Prior to issuing the initial prescription of an opioid drug in a course of treatment for acute or chronic pain and again prior to issuing the third prescription of the course of treatment, a practitioner shall discuss with the patient or the parent or guardian of the patient if the patient is under eighteen (18) years of age and is not an emancipated minor, the risks associated with the drugs being prescribed, including but not limited to:

1. The risks of addiction and overdose associated with opioid drugs and the dangers of taking opioid drugs with alcohol, benzodiazepines and other central nervous system depressants;

2. The reasons why the prescription is necessary;

3. Alternative treatments that may be available; and

4. Risks associated with the use of the drugs being prescribed, specifically that opioids are highly addictive, even when taken as prescribed, that there is a risk of developing a physical or psychological dependence on the controlled dangerous substance, and that the risks of taking more opioids than prescribed or mixing sedatives, benzodiazepines or alcohol with opioids can result in fatal respiratory depression.

The practitioner shall include a note in the medical record of the patient that the patient or the parent or guardian of the patient, as applicable, has discussed with the practitioner the risks of developing a physical or psychological dependence on the controlled dangerous substance and alternative treatments that may

be available. The applicable state licensing board of the practitioner shall develop and make available to practitioners guidelines for the discussion required pursuant to this subsection.

E. At the time of the issuance of the third prescription for an opioid drug, the practitioner shall enter into a patient-provider agreement with the patient.

F. When an opioid drug is continuously prescribed for three (3) months or more for chronic pain, the practitioner shall:

1. Review, at a minimum of every three (3) months, the course of treatment, any new information about the etiology of the pain, and the progress of the patient toward treatment objectives and document the results of that review;

2. In the first year of the patient-provider agreement, assess the patient prior to every renewal to determine whether the patient is experiencing problems associated with an opioid use disorder as defined by the American Psychiatric Association and document the results of that assessment. Following one (1) year of compliance with the patient-provider agreement, the practitioner shall assess the patient at a minimum of every six (6) months;

3. Periodically make reasonable efforts, unless clinically contraindicated, to either stop the use of the controlled substance, decrease the dosage, try other drugs or treatment modalities in an effort to reduce the potential for abuse or the development of an

opioid use disorder as defined by the American Psychiatric Association and document with specificity the efforts undertaken;

4. Review the central repository information in accordance with Section 2-309D of this title; and

5. Monitor compliance with the patient-provider agreement and any recommendations that the patient seek a referral.

G. 1. Any prescription for acute pain pursuant to this section shall have the words "acute pain" notated on the face of the prescription by the practitioner.

2. Any prescription for chronic pain pursuant to this section shall have the words "chronic pain" notated on the face of the prescription by the practitioner.

H. This section shall not apply to a prescription for a patient who is currently in ~~active~~ treatment for cancer, receiving hospice care from a licensed hospice provider or palliative care from a licensed hospice provider, or is a resident of a long-term care facility, or to any medications that are being prescribed for use in the treatment of substance abuse or opioid dependence.

I. Every policy, contract or plan delivered, issued, executed or renewed in this state, or approved for issuance or renewal in this state by the Insurance Commissioner, and every contract purchased by the Employees Group Insurance Division of the Office of Management and Enterprise Services, on or after November 1, 2018, that provides coverage for prescription drugs subject to a

copayment, coinsurance or deductible shall charge a copayment, coinsurance or deductible for an initial prescription of an opioid drug prescribed pursuant to this section that is either:

1. Proportional between the cost sharing for a thirty-day supply and the amount of drugs the patient was prescribed; or

2. Equivalent to the cost sharing for a full thirty-day supply of the drug, provided that no additional cost sharing may be charged for any additional prescriptions for the remainder of the thirty-day supply.

J. Any practitioner authorized to prescribe an opioid drug shall adopt and maintain a written policy or policies that include execution of a written agreement to engage in an informed consent process between the prescribing practitioner and qualifying opioid therapy patient. For the purposes of this section, "qualifying opioid therapy patient" means:

1. A patient requiring opioid treatment for more than three (3) months;

2. A patient who is prescribed benzodiazepines and opioids together for more than one twenty-four-hour period; or

3. A patient who is prescribed a dose of opioids that exceeds one hundred (100) morphine equivalent doses.

SECTION 3. It being immediately necessary for the preservation of the public peace, health or safety, an emergency is hereby

declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
