Research Analysis

The proposed committee substitute to HB 1128 modifies the definition of *domestic violence program* or *sexual assault program* as used by the Attorney General's Victim Services Unit to exclude programs run by organizations that have legal nonprofit status, work exclusively with human trafficking victims and receive no federal or state funding and exempts such organizations from the act. The measure also exempts such an organization from being certified by the Attorney General as a certified domestic violence shelter or certified domestic violence program or certified sexual assault program or certified treatment program for batterers.
