Fiscal Analysis

The first floor amendment to HB 1747 removes the November 1, 2021 effective date and inserts language allowing for an emergency effective date.

Upon review and with consultation from the Office of Management and Enterprise Services and the Department of Corrections, the measure is determined to have a fiscal impact. By prohibiting the use of the supplemental payroll system, the measure could lead to instances where DOC employees on a monthly payroll are overpaid. This would require DOC to collect the overpayment from employees, incurring additional costs to DOC. OMES indicates that DOC could utilize a biweekly payroll system to address potential overpayment instances. However, this would also incur additional costs to DOC.
