

BILL SUMMARY
1st Session of the 58th Legislature

Bill No.:	HB2511
Version:	CS
Request Number:	7805
Author:	Rep. Kannady
Date:	3/9/2021
Impact:	ABLE: No impact

Research Analysis

The committee substitute for HB 2511 requires, beginning July 1, 2022, every manufacturer of a vapor product sold or intended to be sold in the state to deliver to the ABLE Commission an attestation certifying that:

- The product was available for purchase in the United States as of August 8, 2016, and the manufacturer has applied for a marketing order from the FDA on or before September 9, 2020; or
- The manufacturer has received a marketing order or other authorization from the FDA.

The measure further requires manufacturers to notify the ABLE Commission within 30 days of any material change to the attestation, and directs the ABLE Commission to develop a directory listing of all manufacturers and their vapor products that have provided attestations. Any vapor product not in the directory is prohibited from being manufactured, distributed, sold, bartered or furnished in the state.

Prepared By: Emily McPherson

Fiscal Analysis

The measure requires manufacturers of vapor products to deliver a certain attestation to the Alcoholic Beverage Laws Enforcement Commission.

Upon review and with consultation from the ABLE Commission, no direct impact to state revenues or expenditures is anticipated from passage of the measure.

Prepared By: Clayton Mayfield

Other Considerations

None.
