

BILL SUMMARY
1st Session of the 58th Legislature

Bill No.:	HB 2660
Version:	Amendment1
Request Number:	
Author:	Marti
Date:	2/25/2021
Impact:	Please see previous summary of this measure

Research Analysis

The amendment to the proposed committee substitute modifies the amount of usable marijuana a grower shall separate into harvest batches to 25 pounds. It also modifies the amount of distillate a processor shall separate into production batches to 4 liters. Finally, rather than allowing a maximum batch size of 50,000 milligrams of THC for final products, the amendment directs OMMA to promulgate rules regarding final products and prohibits OMMA from requiring testing of final products more often than every 200 grams of THC, unless the batch size processed is less than 200 grams of THC.
