

BILL SUMMARY
1st Session of the 58th Legislature

Bill No.:	HB 2726
Version:	Introduced
Request Number:	7237
Author:	Rep. Pittman
Date:	2/10/2021
Impact:	ABLE: minimal positive impact on state revenues

Research Analysis

HB 2726 adds to the Oklahoma Alcoholic Beverage Control Act the terms *bottle service* and *club suite*. *Bottle service* is defined as the sale and provision of spirits in their original packages by a mixed beverage licensee to be consumed in that licensee's club suite. *Club suite* is defined as a designated area within the premises of a mixed beverage licensee that is exclusive to patrons specifically granted access by the licensee.

The measure specifies that spirits in the original packages must be consumed in the club suite of a mixed beverage licensee and cannot be removed if not consumed in their entirety or before the period a club suite was made available ends. Spirits in their original packages consumed in the club suite must be provided exclusively by the mixed beverage licensee.

Fiscal Analysis

HB 2726, as introduced, expands the function of a mixed beverage license. Upon review and with consultation with ABLE, the measure is determined to have a minimal positive impact on state revenues. There is the possibility that some licensees may opt for this (more expensive) license over a beer and wine, but that number is unknown.
