Research Analysis

HB 2747 eliminates the Public Employees Relations Board and its assigned responsibilities. The measure requires a municipal employer to recognize an association selected by a majority of its firefighters or police officers as the exclusive bargaining agent for those firefighters or officers. An association would be determined by majority vote. A question of whether an association is the exclusive bargaining agent would be resolved by an election. If parties are unable to agree on election procedures, either party may request the American Arbitration Association to conduct and certify the election.
