Fiscal Analysis

The proposed committee substitute for the measure allows courts to continue the assessment of a \$10.00 filing fee in civil actions. This fee is credited to the Court Clerk's Records Management and Preservation Fund maintained by each county. The measure continues the assessment of this fee until November 1st, 2027.

Upon review, the measure will have a positive revenue impact to counties by allowing the continued assessment of this fee. The exact amount of the positive revenue impact is dependent on the number of civil action filings.
