Research Analysis

The committee substitute to HB 2939 creates a new section of law stating that names of individual voters will not be made available for public inspection or disclosed in a form disaggregated into subgroups of absentee voting, early voting, or in-person voting if the disaggregation results in subgroups under one hundred (100) voters. The measure also amends current statute to specify that the list of voters requesting absentee ballots in the precinct will not be publicly posted if under one hundred (100) voters.
