Research Analysis

The floor substitute for HB 2939 removes sections 1 and 2 and inserts amendatory language in Section 7-138 of Title 26.

The floor substitute for HB 2939 states that the secretary of the county election board shall record a voter's voting method for each voter in the voter credit, but shall not disclose the method in public record except for during a regularly scheduled federal or state election or a statewide special election for a state question. The Secretary of State Election Board shall prescribe procedures as necessary to implement these provisions. The measure also provides guidelines for what "method of voting" means.

Fiscal Analysis

Officials for the State Election Board (SEB) interpret the provisions of HB 2939 in its current form to require some software reprogramming by SEB to implement. SEB anticipates a one-time cost of less than \$25,000 to accomplish such reprogramming.
