Research Analysis

The PCS for HB 3021 modifies the definition of "judge of competent jurisdiction" in the terms used in the Security of Communications Act. The term currently refers to the presiding judge of the Court of Criminal Appeals. The measure allows the presiding judge to designate another member of the Court of Criminal Appeals to serve in this capacity.

In addition, the measure modifies the Security Communications Act to require the judge of competent jurisdiction to file a report with the Clerk of the Court of Criminal Appeals, rather than the Administrative Director of the Courts.
