**Research Analysis**

HB 3037 creates the Municipal Road Drilling Activity Revolving Fund. The fund will receive \$5 million dollars each year from funds received by ODOT through the apportionment of sales tax. The funds can only be allocated to municipalities with a population of less than 15,000 people and can only be used to repair roads that were damaged as a result of increased use from oil or gas drilling activity.

The senate amendment restores the enacting clause and the title to the measure.
