

BILL SUMMARY
2nd Session of the 58th Legislature

Bill No.:	HB3133
Version:	SAHB
Request Number:	
Author:	Kendrix
Date:	3/7/2022
Impact:	Minimal, OJA can absorb the costs

Research Analysis

HB3133 requires county sheriffs of the arresting agency, their designee, any peace officer, contractors with OJA, or juvenile court officers to provide for the transportation of juveniles to and from secure detention for the purposes of admission, interfacility transfer, discharge, medical or dental attention, court appearance, or office-designated transfer. The measure also changes related fees included raising the fee for the cost of personal services to \$17 per hour, the fee for meals for transporting personnel not to exceed \$10 per meal, and the fees for meals for juveniles being transported to \$10 per meal.

The Senate amendment to HB3133 restores the title.

Fiscal Analysis

From OJA:

We will not have a material impact. The rate increases proposed in the SAHB would total an estimate of \$56k annually based on current usage. The agency can absorb that cost in the current budget without the need for an increased appropriation.
