

BILL SUMMARY
2nd Session of the 58th Legislature

Bill No.:	HB 3430
Version:	Introduced
Request Number:	10385
Author:	Rep. Kerbs
Date:	2/8/2022
Impact:	\$0

Research Analysis

The committee substitute for HB 3430 requires swine exhibitors to provide a federal or state location identification number and an individual identification prior to brucellosis testing. The measure provides three testing options for exhibition swine; exhibitors must ensure their swine:

1. adhere to the testing schedule for fall and spring shows and meet documentation requirements;
2. in the case of out-of-state swine, meet provisions for out-of-state swine that are in [OAC 35:15-22-33](#); or
3. originate from a validated-qualified herd and meet documentation requirements.
