<b>Date:</b>	<b>2/7/2022</b>
<b>Impact:</b>	<b>Please see previous summary of this measure</b>

**Research Analysis**

HB 3430 requires swine exhibitors to provide a federal or state location identification number and individual identification prior to brucellosis testing. The measure provides three testing options for exhibition swine; exhibitors must ensure their swine:

1. adhere to the testing schedule for fall and spring shows and meet documentation requirements;
2. in the case of out-of-state swine, meet provisions for out-of-state swine that are in OAC 35:15-22-33; or
3. originate from a validated-qualified herd and meet documentation requirements.
