Research Analysis

The proposed committee substitute for HB3759 allows the children of certified teachers and school support employees, whose parents meet certain income requirements, to be eligible for an OHLAP scholarship. To be eligible, the parents' income must not exceed 300% of the income standard used to qualify for free and reduced-price lunch. The certified teacher or school support employee must be continuously employed as a teacher or support employee to maintain eligibility.

Fiscal Analysis

The measure is currently under review in consultation with the State Regents for Higher Education. By expanding eligibility, it is anticipated to increase participation in OHLAP, but to what extent remains unknown. OHLAP is not appropriated, but rather an estimate of need submitted by the OSRHE and approved by the State Board of Equalization. The cost of the OHLAP in 2019-2020 fiscal year was an estimated \$77,300,000.
