Fiscal Analysis

The conference committee substitute for the measure would create the Cost Administration Implementation Committee within the Administrative Office of the Courts. The measure would also establish a court cost compliance program and authorize courts of the state and county sheriffs to participate in the program.

Upon review, passage of the measure may have a positive fiscal impact to the state. By establishing the court cost compliance program, the measure may increase revenues to the state. The court cost compliance program may increase collections of assessed court costs. An exact impact would depend on the number and disposition of cases.
