Research Analysis

The committee substitute to HB 3925 creates a court cost compliance program to begin November 1, 2022. The program is to assist county sheriffs and the courts with the collection of fines, costs, fees, and assessments associated with cases in which a warrant has been issued and the case has been referred to the court cost compliance program. The measure allows the sheriff to contract with a third party to attempt to locate and notify persons of their outstanding warrants. The measure allows for the recall of an outstanding warrant if the person provides a down payment of \$100 and a mutually agreeable monthly payment plan. The measure requires the court to notify the defendant at the time of sentencing of the total amount of all statutory fines, costs, fees and assessments to be paid. The measure requires the court to consider the defendants ability to pay and the criteria to be taken into consideration. The measure prevents the arrest of a person for failure to pay if the person voluntarily appears at the courthouse to make a payment or to present evidence regarding ability to pay. If a defendant is delinquent for 60 days, the court is to set a hearing to determine ability to pay. All counties are to participate in the court cost compliance program.
