Research Analysis

SB 1822 requires all infrastructure and construction projects that are visible to the public and are funded partially or fully by the Joint Committee on Pandemic Relief Funding to have visible signage displayed at the project site. The measure provides that the Legislature's intent is that such signage will reference the COVID-19 Recovery and Resilience Initiative, the Joint Committee on Pandemic Relief Funding, and the year completed. The Office of Management and Enterprise Services is authorized to implement these provisions, and the Oklahoma Tourism and Recreation Department is to oversee the design and placement of such signage.
