Fiscal Analysis

SB 317 creates the student electrical intern, which would be another license outside being an apprentice license. According to the Construction Industries Board, CIB would need a new license, which cost it about \$10,000. At an application fee of \$5 and license fee of \$20, CIB would need about 400 new applicants to cover the costs. As CIB is an unappropriated agency though, there would be no fiscal impact to the State.
