Date:	4/6/2022
Impact:	Please see previous summary of this measure

Research Analysis

SB 327 modifies the Oklahoma Discovery Code by imposing a limit on the number of requests to produce or permit inspection or copying to thirty requests. If a party believes that more than thirty requests are needed, the party must consult with opposing counsel and attempt to reach a written stipulation as to the number of requests. If an agreement cannot be reached, the party may submit additional requests by filing a motion with the court.
