Fiscal Analysis

From JD McCarty Center:

What tends to happen is we get some admits in summer or winter and they stay longer than anticipated so we have to buy appropriately sized clothing for them so they have some to match the weather and their growing bodies. This just covers us for those, or if we take kids to say a Mazzios for a field trip to get acclimated (pre covid) to interactions with servers etc. is the reason for the food portion. Those things are typically paid for out of our donated fund
