

BILL SUMMARY
1st Session of the 58th Legislature

Bill No.:	SB 441
Version:	ENGR
Request Number:	
Author:	Rep. Steagall
Date:	4/13/2021
Impact:	\$0

Research Analysis

SB 441 prohibits a state agency, county, municipality or political subdivision from contracting with any private corporation to provide for the use of any photo monitoring device to detect any traffic control signal violation.

Prepared By: Brad Wolgamott

Fiscal Analysis

The measure prohibits any state agency, county, municipality, or political subdivision from contracting with any private corporation to provide for the use of any photo monitoring device to detect any traffic control signal violation.

Upon review, the measure is preemptive. No entities currently contract for this service. The measure therefore has no fiscal impact on the state.

Prepared By: Clayton Mayfield

Other Considerations

None.
