1st Session of the 58th Legislature

Bill No.:	SB534
Version:	Engrossed
Request Number:	
Author:	Rep. Frix/ Sen. Bergstrom
Date:	3/24/2021
Impact:	See Analysis Below

Research Analysis

Engrossed SB534 authorizes the Oklahoma Department of Transportation to make additions to the state highway system without a corresponding removal of mileage under certain conditions. The addition must improve public safety, have other non-state resources contributed to capital costs, be shown to have a positive economic impact, be for the benefit of the general public and be determined by ODOT to meet strategic goals.

Fiscal Analysis

SB 534 in its current form permits the Oklahoma Department of Transportation (ODOT) to make additions to the state highway system under certain conditions, but the measure does not mandate ODOT take specific action. The measure leaves discretion with ODOT on such additions. If one assumes ODOT would only utilize such authority in a fiscally prudent manner, SB 534 in its current form should have no negative fiscal impact on the state budget or state revenues.
