

BILL SUMMARY
1st Session of the 58th Legislature

Bill No.:	SB 634
Version:	FULLPCS1
Request Number:	
Author:	Rep. O'Donnell
Date:	4/8/2021
Impact:	Consultation Ongoing

Research Analysis

The proposed committee substitute for SB634 requires the Secretary of Education to create a form that school employees must sign in order to authorize and annually reauthorize payroll deductions to a professional organization.

If a school employee requests to terminate a deduction, no further debt from the employee to the professional organization shall accrue.

The measure also creates the Educators' Professional Liability Insurance Program for all school employees to provide liability coverage up to \$1 million per occurrence. The program will be administered by the Office of Management and Enterprise Services (OMES). School districts are required to annually notify eligible employees about the coverage provided by the Program.
