

Bill Summary
1st Session of the 58th Legislature

Bill No.:	HB 1122
Version:	ENGR
Request No.:	
Author:	Sen. Leewright
Date:	04/08/2021

Bill Analysis

HB 1122 caps the rates rural electric cooperatives may charge for attachments to utility poles by communications services providers at \$21.00 per rural-electric-cooperative-owned pole per year. The amount may increase by 10% every 5 years. A rural electric cooperative that attaches to a pole, resulting in relocation of a communications provider's existing attachment, must pay for the cost of relocation of that attachment.
