**Bill Analysis**

HB 1815 directs the Oklahoma Corporation Commission to issue a report and recommendations regarding availability and appropriateness of natural gas utilities to procure, transport, and deliver renewable natural gas to consumers no later than December 1, 2021. Renewable natural gas is defined to include biogas-derived methane gas, hydrogen gas or carbon oxide from renewable sources, or methane gas derived from any combination of hydrogen gas or carbon oxide from renewable sources. The report shall also address production of educational materials regarding renewable natural gas, and discuss future reporting requirements for producers.
