Bill Analysis

SB 1023 directs the Department of Public Safety to promulgate rules and regulations necessary to implement a vehicle emissions inspection program. The program shall comply with best practices and regulations as posted in the Federal Register. The program requires each vehicle to pass an emissions inspection every 2 years prior to registration and each owner of the vehicle to store a certificate showing the results of the inspection in the vehicle. The provisions of the measure shall only apply to vehicles 2-30 years old.
