Bill Analysis

SB 112 provides for a district school board to either publish or link the calling of an election authorizing the incurring of general obligation bonds. The posting must include a description of previously issued board provided the bond will remain outstanding at the time the new bonds are approved. The measure prohibits requiring any local government entity to create a website solely for the purpose of complying with the provisions of this measure. Entities without access to a local newspaper or website may post notice of the election at the principal office of the public body.
