Bill Analysis

The FS for SB 1219 requires not less than 50% of a medical marijuana edible product container to be clear and requires that the product be clearly visible. The products, whether solid or semisolid, shall have the letters “THC” stamped into them. If the product is sold in 2 or more segments, THC shall be pressed into each component. Any product that cannot have THC feasibly stamped on them shall have the letters “THC” printed on the product with edible ink. The requirements of this measure shall not apply to medical marijuana products sold in liquid form.
