Bill Analysis

SB 1353 requires any health benefit plan offered in the state to disclose to subscribers their obligation to follow mental health parity laws. Such a disclosure shall include a link to the Insurance Department website's Mental Health Parity page. The disclosure shall be included on annual member notice forms as well as "explanation of benefits" as relates to a second denial of coverage for a mental health or addiction claim. Each website, phone number, and address required to be disclosed shall be verified annually.
