Bill Analysis

The CS for SB 1381 provides that every municipality shall have 30 days to inspect conduct inspections of homeless camps that appear within municipal districts that have water run-off enter municipal sewer systems, drainage systems, or drinking water reservoirs. Such camps must be up to building codes. Any municipality that fails to inspect these camps within the 30-day period shall be liable for any harm within and outside of the immediate boundaries of the homeless camp. If the homeless camp does not meet building codes in the 30-day period, the municipality shall abolish the camp.
