Bill Analysis

The CS for SB 1393 amends an exemption from the Home Care Act to-lengthen the requirement supervision requirement for onsite visits for certain individuals who meet other existing requirements from once every month to once every 6 months. The CS directs the home care agency to develop a written training plan for the individual that shall include provisions for observation and documentation of client status, maintenance of a clean environment, recognizing emergency procedures, techniques to provide assistance with bathing and grooming, assistance with meal preparation, client rights and responsibilities, and basic infection control practices. The CS strikes language relating to supportive home assistants.
