Bill Analysis

The CS for SB 1412 amends the Oklahoma Extracurricular Activities Accountability Act to require a school athletic association to adopt a policy that provides for a transfer student who is not a resident of a school district to participate in activities or contests upon enrollment. The measure repeals a section of law that requires a student who enrolls in a district in which he or she is not a resident to wait for 1 year prior to being eligible to participate in school-related extramural athletic competitions unless granted a hardship waiver.
