Bill Analysis

SB 1581 requires each municipal charter to have a provision providing for the recall of any elected municipal official. Recall petitions will be deemed certified if the number of voters signing the petition is equal to 25% of the votes from the last election. Once the signatures are collected, the petition will be filed with the chief officer of the municipality, who shall determine within 10 days whether the recall petition has sufficient signatures to be deemed certified. No municipality may impose conditions on the circulation of the petition.
