Bill Analysis

SB 214 extends the terms for members of the Incentive Evaluation Commission and moves the beginning of each member's term from July 1 to January 1. Beginning December 21, 2021, and continuing each year thereafter, the measure also requires the Commission to establish a schedule of incentives to be evaluated during the following calendar year. Any contractor working with the Commission to evaluate incentives shall also be required to provide at least 1 draft report on each incentive prior to the issuance of the final report.
