

Bill Summary
1st Session of the 58th Legislature

Bill No.:	SB 407
Version:	INT
Request No.:	1420
Author:	Sen. Garvin
Date:	01/15/2021

Bill Analysis

SB 407 prohibits any person from prescribing the use of any topical ophthalmic anesthetic drug to a patient. Such drugs shall only be administered by a healthcare practitioner duly authorized to administer a topical ophthalmic anesthetic drug. A topical ophthalmic anesthetic drug may only be stored and administered to patients in an emergency department or an urgent care clinic.
