

Bill Summary
1st Session of the 58th Legislature

Bill No.:	SB 574
Version:	CS
Request No.:	1762
Author:	Sen. McCortney
Date:	02/23/2021

Bill Analysis

The CS for SB 574 provides that the Oklahoma State Health Information Network and Exchange (OKSHINE) shall be the official health information exchange for the state. OKSHINE is a unit of the Oklahoma Health Care Authority charged with facilitating the exchange of health information to and from authorized individuals and healthcare organizations. Individuals and entities using the system shall not be held liable in any action for damages or costs of any nature that result solely from the person's use or failure to use OKSHINE information or data. The measure also specifies that users providing data to the network shall retain the ownership rights of such information. Additionally, the measure repeals provisions of law relating to the study of creating such a network.
