

Bill Summary
1st Session of the 58th Legislature

Bill No.:	SB 656
Version:	INT
Request No.:	410
Author:	Sen. Taylor
Date:	01/21/2021

Bill Analysis

SB 656 caps the tax liability provided for public highway electric vehicles, as defined by the measure, at \$1,500.00. The measure also apportions the revenue derived from the sales tax levied on public highway electric vehicles in the following manner:

- 1) 60% to the State Highway Construction and Maintenance Fund
- 2) 40% divided among the county treasurers' offices according to percentage of county road Miles

Additionally, the measure states that the sale of public highway electric vehicles shall not be exempted from gross tax.
