

Bill Summary
1st Session of the 58th Legislature

Bill No.:	SB 717
Version:	INT
Request No.:	622
Author:	Sen. Standridge
Date:	01/22/2021

Bill Analysis

SB 717 states that if a physically disabled license plate is issued for a vehicle, the registration periods relating to the vehicle may be combined into a single registration period after January 1, 2022. The measure directs the Oklahoma Tax Commission to develop a method to adjust the 12-month period and to adjust fees accordingly if such a plate is acquired in the period. Additionally, the measure requires a physically disabled license plate to be the only plate issued and assigned to the vehicle.
