

Bill Summary
1st Session of the 58th Legislature

Bill No.:	SB 958
Version:	CS
Request No.:	1836
Author:	Sen. Coleman
Date:	02/26/2021

Bill Analysis

The CS for SB 958 provides the board of directors for each fire protection district with the power to acquire a certification to operate an emergency medical services agency from the Oklahoma State Department of Health or contract for services with a certified or licensed emergency medical service agency. The district's emergency medical service agency may respond outside of the district boundaries if the political subdivisions having jurisdiction over the area provided the Department proper documentation of their support.
