Bill Analysis

SB 968 prohibits any law enforcement agency from releasing audio or video depicting an officer dying in the line of duty, including the events leading to the death of the officer. The video may be released if the court finds that the public interest or the interest of an individual outweighs the reason for denial. Family members of the deceased officer may view the audio or video of the officer's death. Prosecutors and defense attorney's retain the right to use such videos as evidence in a legal proceeding.
